Guy Chetelat	WHIS	3/2/04	1?	Yes
OR Geologic Survey				
Tom Wiley	CRLA/ORCA	3/3/04 – 3/5/04	3?	Yes?

Parking:

There will be maps for meeting locations and parking in the packet you will receive upon your checking to the hotel. Please return all unused parking passes, we have to pay for them used or not (do not date them until the time you use it, so we can recycle all unused ones).

If however you are traveling directly to the meeting I will have extra parking passes so that you may run back out to your rig and attach one. It is easiest to park in the green lot on the right of Mountain Ave.. The Stevenson Union is just one short block away.

Those of you arriving for the Monday afternoon session will not need a parking pass. Nor will anyone need a parking pass for the session here at the Network Office.
